

Phase II and Phase III Project Cover Sheet

All information contained within the individual site database and inventory sheets is solely the work of the researchers and authors noted below. The data provided has been culled from the original site reports noted below and in many cases has been lifted directly from them with little or no editing. The database and inventory sheets are meant to serve as a synopsis of the report findings and a finding aid and are not intended to replace or republish the research of the authors noted below.

REPORT INFORMATION:

2020 Gibb, J.
A phase I archaeological identification survey of a portion of the proposed Walters farm mine, and phase II site examination of 18CH965, 13971 Burnt Store (MD Route 231), Burnt Store, Charles County, Maryland.

Research Firm/Institution:

GIBB ARCHAEOLOGICAL CONSULTING
2554 Carrollton Road
Annapolis, MD 21403

Library ID No: 95004082 Catalog/Shelving ID: CH 240

Sites examined:

18CH965

Project Details:

Phase I	<input checked="" type="checkbox"/>	Project Justification:
Phase II	<input checked="" type="checkbox"/>	Chaney Enterprises, in consultation with Soltesz, engineers of Waldorf, Maryland, proposes a sand and gravel mine on a portion of the Walter Family farm. The County's Department of Planning & Growth Management requested Phase II site examination of 18CH965.
Phase III	<input type="checkbox"/>	

Project Objectives:
The intent of this project is to closely examine the property for cultural resources that may be eligible for inclusion into the National Register of Historic Places, rather than by any formulated research questions.

Research Potential:

The diffuse early 20th-century material along the northern edges of the north field does not meet criteria for listing on the National Register of Historic Places. Site 18CH965 lacks integrity and can provide no non-trivial information on local and state history and archaeology and, thereby, does not meet any of the criteria for listing on the National Register of Historic Places.
