Project Details:

Phase I	<input checked="" type="checkbox"/>	Project Justification:
Phase II	<input checked="" type="checkbox"/>	The archaeological Phase I survey and the Phase II evaluations of Sites 18DO122 and 18DO154 presented in this technical report support the environmental licensing process for the project – Section 106 and the Certificate of Public Convenience and Necessity – as part of the Mid-Atlantic Power Pathway project.
Phase III		

Project Objectives:
The Phase I investigation was mean to identify potential archaeological sites within the project area. The Phase II investigations evaluated two known sites within the project area, 18DO122 and 18DO154, for eligibility on the National Register of Historic Places.

MAC Accession: 2014.016.002, 2014.016.003

Research Potential:

Features at 18DO122 appear to be an example of an important but little-studied building type used by indigenous groups during the Contact period and Refugee Complex in the Delmarva region. The site was recommended eligible for NR listing.
